

BF&M GOLDEN ACCUMULATOR –SEG FUNDS

MFS Strategic Income Fund

As of September 30, 2008

Investment Philosophy

This is a multi-sector bond fund, investing in government, agency, and corporate bonds, within and outside of the US. The fund managers use a multi-sector approach to lower volatility whilst enhancing returns. They add value through security selection and sector rotation. The managers follow predetermined sector percentages ranges for risk control.

Past performance is no guarantee of future performance. The price of the shares of each Fund and the income received from each Fund may go down as well as up, and investors may not get back the full amount that they invested. Investment in any of the Funds involves risks, which are described in the Funds' prospectus. Currency fluctuations will affect the value of overseas investments. This Fund may not be offered or sold to citizens or residents of the United States of America.
